

# Executive Management Programme 2021

6th - 11th June 2021

### **Updated Curriculum for 2021!**

- How organisations and leaders have been dealing with the Covid-19 pandemic.
- How the digital World drastically changed during 2020.
- Change Management are you prepared for this new era?

# Topical additions to Class of '21 Curriculum

The latest on how CTAM Europe and INSEAD are responding to the Covid-19 Global situation.

As Covid-19 continues to impact communities around the world, it's vital that we're able to keep you informed.

Please take a moment to learn how INSEAD is responding to the current crisis, visit www.inse.ad/coronavirus to ensure you are kept up-to-date.

### Amendments and additions to 2021 Curriculum:

Today we are witnessing a profound shift in how customers use digital technologies to consume information, make informed buying decisions, and engage with companies. This shift has been accelerated by COVID-19. Though the shift is easy to see, addressing it isn't easy to do. Companies that have started their transformation early on are more resilient and are able to handle the pandemic in a better way. But many organizations are now pushed into their transformation and business leaders are searching for pragmatic ways to profitably grow their business in todays disrupted world.

From a business leader's perspective, reports of the latest data advance, and the launch of every new technology miss the point. Business leaders want to know how to effectively apply data and the latest digital technologies that are most relevant to their customers, their industry, and the unique growth challenges they face.

**INSEAD Executive Management Programme** 

6th-11th June 2021 Fontainebleau, France

Bespoke 5 day Executive
Management Programme,
developed for the Connectivity,
Digital, Cable, Media and
Entertainment Industry.

# **Programme Objectives**

Target Audience & Learning Experience

#### **Target Audience:**

The programme is aimed at Senior Executives from the Connectivity, Content, Media, Entertainment and Cable Industries, and key suppliers.

The aim is to create a group where participants from different parts of the TMT value chain (technology, cable, content) and with different functional backgrounds (marketing, technology, finance, strategy etc.) interact intensively and thus widen their perspective and break through silos.

### **Learning Goals:**

To build broad **senior manager skills**, covering the areas of leadership, strategy, digital transformation, customer centricity and finance.

Share the latest insights in these fields and design.

To **develop an action plan/programme** for the participants can take back to their workplace.

Participants in functional roles will broaden their perspective to better understand the challenges of the company as a whole, participants with a general management background will refresh their knowledge and further develop their leadership skills.

# **Programme Content**

Key Areas & Topics

Covid-19 Shift acceleration: (New for 2021): We are witnessing a profound shift in how customers use digital technologies to consume information, make informed buying decisions, and engage with companies. The shift, which has been accelerated by Covid-19 is easy to see – however, addressing it isn't easy to do.

The new rules of game in the digital world: digital disruption and transformation in the content and cable industry: How will digitization affect the TMT value chain and the way companies are run?

**Change leadership:** How to overcome barriers to change, include stakeholders and effectively use change instruments. (includes simulation)

**Customer centricity:** How can you develop new product and services when customers are not aware yet of their concrete needs?

Leading the digital transformation from the customer experience: How can you successfully launch products and service customers

Value creation and capital markets: How can the latest insights in modern finance help provide value creating growth?

in an omnichannel, data driven digital word of infinite niches?

**Developing an action plan:** What is the synthesis of all the topics covered in the week? What story do I take back to my team at home? What learnings do I have for my company?

### **Testimonials**

From the CTAM Europe Programme

"The Executive Education Program is a superb opportunity for anyone interested in investing and developing talent within their organisation. This will be the 5th time we've held this hugely successful program, which is offered to Senior Executives from cable, content, telecommunications and media sectors, along with technology suppliers. The program helps attendees enhance their leadership skills and become better leaders. There are superb opportunities to engage and network with industry colleagues within one of the world's leading and largest graduate business schools."

SVP, International Distribution for Digital and New Platforms, AMC Networks International

"What a fantastic program, well-orchestrated, high quality professors and content. Really, my compliments for putting together this week for us, very very valuable. New insights, confirmation of certain topics & inspiration around leadership."

Vice President B2B Customer Engagement,
Liberty Global

The INSEAD CTAM Europe programme was an incredible experience. The quality of the professors, the standard of teaching, the interactive group teaching all made it an invaluable experience with insight and learning that can be applied to your working life. I feel, without doubt, a stronger leader as a result of the course. The cohort was also fantastic and the programme offered a wonderful opportunity to learn from other business leaders. It was also a wonderful experience to spend time on the INSEAD campus in the beautiful setting of the forest. The food was excellent and the programme of wine tasting, forest walking and fine dining made the whole week a truly valuable and unforgettable experience. I would not hesitate to recommend this programme to anyone looking to take their business learning to the next level.

**EVP MTV International, Chief Marketing Officer, Viacom UK** 

### **Testimonials**

From the CTAM Europe Programme

"The CTAM Europe EMP is a great experience. An ambitious and carefully tailored program, excellent professors and the outstanding physical framework of INSEAD is a combination second to none. On top of that, the sector specific focus and the intimate group of industry peers guarantees an output which is highly relevant to your actual line of work."

CEO, Boxer TV

"Wow, what a great week at the CTAM INSEAD program! The professors were consistently engaging, thought-provoking and leaders in their fields. The materials were tailored to our industry, so I came away with many ideas for my job and my company. While I already had an MBA, there was no repetition – the courses were all relevant and complementary. It was hard work, but I feel very lucky that I had the opportunity to attend!"

**Vice President, Sand Cherry Associates** 

"The Executive Education programme offered an extremely broad curriculum in just one incredible week. I was challenged and inspired in equal measure and embraced the opportunity to engage with professionals from my industry. The group work and class debates illuminated the fast pace of change happening across sectors of the media, and armed us with the right resources to tackle this evolution. The faculty were able to bring complex topics to life; and their expertise offered real world insight into the digital challenges cable and television companies face. I finished the course with concrete examples of how to apply what I'd learnt to my own organisation, valuable insight into the future of the industry and a renewed passion for what I do."

Head of On Air, Viasat World Ltd
