Topical additions to Class of '23 Curriculum

The latest on how CTAM Europe and INSEAD are responding to the Covid-19 Global situation.

Amendments and additions to 2023 Curriculum:

Today we are witnessing a profound shift in how customers use digital technologies to consume information, make informed buying decisions, and engage with companies. This shift has been accelerated by COVID-19. Though the shift is easy to see, addressing it isn't easy to do. Companies that have started their transformation early on are more resilient and are able to handle the pandemic in a better way. But many organizations are now pushed into their transformation and business leaders are searching for pragmatic ways to profitably grow their business in today's disrupted world.

From a business leader's perspective, reports of the latest data advance, and the launch of every new technology miss the point. Business leaders want to know how to effectively apply data and the latest digital technologies that are most relevant to their customers, their industry, and the unique growth challenges they face.

To keep ahead of today's volatile and competitive global market your organisation needs to change. You/Your Team need the vision, the leadership competencies, the alignment and the agility to design and execute new strategy. And deliver a competitive edge.

You've already shown yourself to be an experienced industry leader. Now is the time to take those skills to the next level with the CTAM Europe Executive Management Programme @ INSEAD.

CTAM Europe

INSEAD Executive Management Programme

12 - 17th March 2023
Fontainebleau, France

**Bespoke 5 day Executive
Management Programme,
developed for the Media,
Connectivity &
Entertainment Industry.**

Programme Objectives

Target Audience & Learning Experience

Target Audience:

The programme is aimed at Senior Executives from the Media, Connectivity & Entertainment Industry, and key suppliers.

The aim is to create a group where participants from different parts of the TMT value chain and with different functional backgrounds (marketing, technology, finance, strategy etc.) interact intensively and thus widen their perspective and break through silos.

Learning Goals:

To build broad senior manager skills, covering the areas of leadership, strategy, digital transformation, customer centricity and finance.

Share the latest insights in these fields and design.

To develop an action plan/programme for the participants can take back to their workplace.

Participants in functional roles will broaden their perspective to better understand the challenges of the company as a whole, participants with a general management background will refresh their knowledge and further develop their leadership skills.

Programme Content

Key Areas & Topics

Covid-19 Shift acceleration: (New for 2023): We are witnessing a profound shift in how customers use digital technologies to consume information, make informed buying decisions, and engage with companies. The shift, which has been accelerated by Covid-19 is easy to see – however, addressing it isn't easy to do.

The new rules of game in the digital world: digital disruption and transformation in the Media, Connectivity and Entertainment

Industry: How will digitization affect the TMT value chain and the way companies are run?

Change leadership: How to overcome barriers to change, include stakeholders and effectively use change instruments.
(includes simulation)

Customer centricity: How can you develop new product and services when customers are not aware yet of their concrete needs?

Leading the digital transformation from the customer experience:

How can you successfully launch products and service customers in an omnichannel, data driven digital world of infinite niches?

Value creation and capital markets: How can the latest insights in modern finance help provide value creating growth?

Developing an action plan: What is the synthesis of all the topics covered in the week? What story do I take back to my team at home? What learnings do I have for my company?

Testimonials

From the CTAM Europe Programme

"It was an absolute honor to be a part of one of the best business schools, INSEAD, for the Executive Management Program in co-operation with CTAM Europe with industry leaders and Senior Executives across Connectivity, Entertainment and Content across the globe! A super intensive program with the very best professors in the field of business, transformation, leadership and strategy."

Head of Partnerships and Strategy, Metrological – a Comcast Company

"What an experience! It was amazing to be back to school, to meet so many fantastic people, take a huge breath of inspiration and time for self-reflection, and to think about the massive disruption and transformation our industry is going through. " SVP, General Manager Pluto TV International & Head of Mobile, Paramount

"What a great week at INSEAD with CTAM Europe. I gained new insights for business, leadership and built relationships with some great individuals in the industry across Europe!"

Director, XOC, Comcast

"What a week! Together with a group of amazing people we had an intensive week at the INSEAD campus. By day, a group of professors inspired us and we challenged each other during the break outs and discussions. Followed by superb networking in the evenings."
